Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

React Developer / Frontend Developer with hands-on experience in building responsive and user-friendly web applications using React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, and Bootstrap. Skilled in reusable components, React Hooks, React Router, state management, Context API, REST API integration, form handling, debugging, Git, GitHub, and frontend deployment. Looking for a Fresher or Junior Frontend Developer role to contribute to real-world web applications.

TECHNICAL SKILLS

Languages: JavaScript ES6+, TypeScript, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap, Responsive Web Design

Concepts: React Hooks, State Management, REST APIs, Form Handling, Debugging, Clean Code

Tools: Git, GitHub, VS Code, Vercel

EXPERIENCE

Jr. Software Developer

2025 – 2026

HN Techno

Ahmedabad, Gujarat, India

- Developed responsive web pages using React.js, JavaScript, HTML, CSS, Tailwind CSS, and Bootstrap.
- Created reusable React components to improve code maintainability and frontend development speed.
- Integrated REST APIs and rendered dynamic data in React applications.
- Worked on React Router, React Hooks, form handling, validation, UI improvements, and bug fixing.
- Used Git, GitHub, npm, and Vercel for version control, package management, and deployment.

PROJECTS

VK Bat House E-Commerce Website | *React.js, Tailwind CSS, JavaScript, Responsive Design*

Live

- Developed a responsive React-based e-commerce frontend for cricket bats and sports products.
- Built reusable UI components for product listing, product details, category sections, cart, and checkout pages.
- Implemented React state management for cart updates, product filtering, and dynamic UI rendering.
- Designed mobile-first layouts to provide a smooth user experience across desktop, tablet, and mobile devices.
- Improved UI consistency, component reusability, and frontend structure using modern React practices.

Portfolio Website | *React.js, Vercel Serverless Functions, Resend API*

Live

- Designed and developed a responsive personal portfolio website using React.js and modern frontend practices.
- Created reusable sections to showcase projects, technical skills, education, and contact information.
- Integrated a working contact form using Vercel Serverless Functions and Resend API.
- Implemented responsive layouts, clean UI, and smooth interactions for better user experience.
- Deployed and maintained the application using GitHub and Vercel.

TechDV E-Learning Platform | *React.js, Tailwind CSS, JavaScript, API Integration*

- Built a responsive e-learning platform frontend with login screens, course pages, and user dashboards.
- Developed reusable React components for navigation, course cards, forms, profiles, and dashboard modules.
- Implemented React Router and protected frontend routes for smooth application navigation.
- Integrated REST APIs to display course data, user details, and enrollment-related information dynamically.
- Applied component-based architecture and responsive design using React.js and Tailwind CSS.

EDUCATION

Master of Computer Applications

2024 – 2026

CVM University

Anand, Gujarat, India

Bachelor of Computer Applications

2020 – 2023

Sardar Patel University

Anand, Gujarat, India

SOFT SKILLS

- Problem Solving
- Responsive Design
- API Integration
- Debugging
- Team Work
- Quick Learning
- Time Management
- Communication
- Clean Code
